SUMMARY

Results-driven **Full-Stack Developer** with **5+ years** of experience building high-performance web products with **Next.js, React** and **Express.js**. I design and ship applications end-to-end — modern, responsive frontends and reliable backends with REST APIs and SQL databases — and lean heavily on AI automation (**Claude Code**, GitHub Copilot) to accelerate delivery without compromising quality, scalability or security.

EXPERIENCE

FRONT-END DEVELOPER

2022 - Present

PT Favourse Technology Inc

- Architected and developed a comprehensive Event Ticketing and Print-on-Demand (POD) platform with Next.js, using AI automation (Claude Code) to accelerate feature deployment and optimize system logic.
- Managed the company's full WordPress web ecosystem and collaborated with backend teams on API & database structure.
- Optimized website performance & security and partnered with designers and PMs to deliver functional web solutions.

WEBSITE DEVELOPER

2020 - 2022

Selaras International Group

- Developed responsive WordPress websites and maintained the company's entire web ecosystem with **99.9% uptime**.
- Managed WHM server operations and optimized website performance & security.
- Collaborated with design and project teams to build web solutions.

WEBSITE DEVELOPER

2019 - 2020

Benlaris Digital Agency

- Rapid Deployment:** built multiple responsive WordPress sites for diverse clients under tight deadlines.
- Content Management:** managed end-to-end updates and integration to ensure high client satisfaction.

SELECTED PROJECTS

Legal Bali

legalbali.com

Legal services platform with an integrated Legal AI chatbot — a Python backend with a PostgreSQL knowledge base and 9router for LLM access — answering legal questions in natural language.

Next.js Python PostgreSQL 9router

Printora.ai

printora.ai

Print-on-Demand platform automating the journey from digital design to physical production, with dynamic image rendering and fulfillment-provider API integration.

Next.js Express.js PostgreSQL

Favors.id

favors.id

Modern event ticketing platform streamlining event creation and ticket sales end-to-end.

Next.js

Belmundo

belmundo.app

Progressive Web App (PWA) where fans predict and guess FIFA World Cup 2026 match results — installable, fast and app-like with a real-time experience.

Next.js Supabase PWA

YourBizConfidant

yourbizconfidant.com

Business consulting website built with Astro for fast load times and strong SEO, converting visitors into clients.

Astro
